

VOXAS RIMOTAE

N.3

The science-Art of the future is Magick
We are a new breed of scientist-artists.
We have returned, clothed in flesh, as Horus
the Hawk-headed warrior Lord.
We are here to replace the "Old Order".
We are the vanguard
We shall encircle the globe with Stars!
For this is our Great Work;
The Work of the Wand
The Work of the Cup
The Work of the Sword
The Work of the Earth
And the Work of Truth to bind them.
The first shall be of Calling Forth and Sending
The second shall be of the Beast and his Bride
The third is of Will
The fourth is of Creation; Love
The fifth is our Temple.
All blooms before our coming
Join us in the Dance
Or be left
Amidst the
Ashes...
